

# CAMPER STORAGE

**Lakewood Camping Resort** offers the convenience of RV storage for our guests. When you're ready to go, you don't have to take your RV with you, just leave it in our secured fenced and locked storage! We will tow your camper onto your campsite at Lakewood as often as you wish to stay with us.

**Annual Storage** is a great option for those guests who have made Lakewood a yearly tradition and would like to save time and money by leaving their RV here. All annual leases run from January to January.

**Remember that campsite check in time is 3pm.** Lakewood Storage teammates will do their best to have your camper on site as soon as possible but cannot guarantee your camper will be on site when you arrive.

**The Annual Storage rate is \$1100 per year + Administrative Fee \$100 = \$1200**

**Lakewood also offers a set up and tear down service for a nominal fee of \$110 per reservation. Set up ONLY is \$65 and break down ONLY is \$65.**

Our capable staff will adjust your leveling jacks, connect the water, sewer, and electric. In addition, they will turn on the air and refrigerator. When you arrive, your camper is cool and ready to enjoy. All you will have to do is park, unload your vehicle, and start relaxing. At departure, our staff will do the disconnecting, however, **emptying the holding tanks is the responsibility of the guest.** Lakewood respectfully ask that each storage customer run clear water through their sewer tanks and sewer lines to clean and empty them completely. Lakewood will regretfully ban violators from using the setup/teardown program and a \$100 clean up fee will apply. This service does not include starting the heat. Please be sure to have 50 feet of electric cord, 50 feet of water hose, and at least 20 feet of sewer hose (40 feet if 2 bathrooms). When you call to schedule your reservation, please tell the reservationists that you would like to add this extra service. **Guest wishing to take advantage of this service must leave unit keys with the storage department.**

**Winterizing Service** is available – Travel Trailers \$125, Fifth Wheels \$150, Washer/Dryer \$50 extra. Keys are required.

- Remove any equipment from the tongue (stabilizer bars and locks)
- Lakewood is not responsible for dry-rotted tires or fading colors on campers due to extremely hot weather and sea salt air. It is the owner's responsibility to clean and keep up with the maintenance of their unit each year. It is recommended to have your camper pressure washed at least twice a year.
- Make sure all mechanical and electric tongue jacks and landing gears are operatable
- The storage lease holder must furnish Lakewood with documentation of ownership in the form of a current Title or Bill of Sale, and Registration. Proof of comprehensive insurance coverage is also required.
