PARDON OUR PROGRESS

Bathhouse 7 Renovations

Work is underway to bring upgrades to Bathhouse 7! The newly improved bathhouse will match Bathhouses 5 & 6, which were remodeled in 2022! It's currently closed while undergoing its facelift!

Concrete Pads

One of the number one requests we receive from guests is for more concrete pads, so we're delivering! The Lakewood team is currently in the process of upgrading the utilities on the 2500 row. Fresh concrete will be poured on these sites later this month! We can't wait to share the finished product with you.

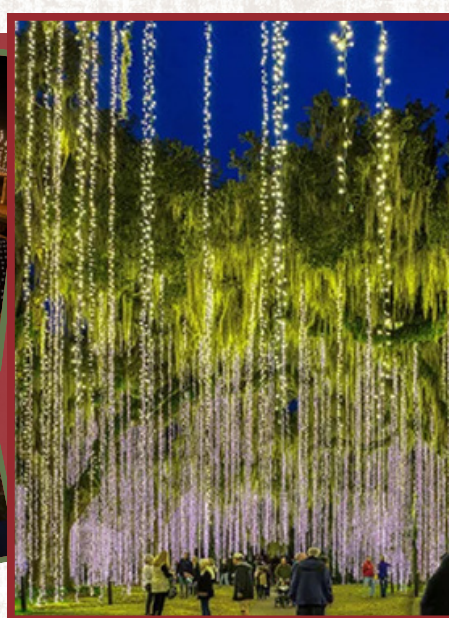

Indoor Pool Closure Scheduled

The Indoor Pool will be closed for maintenance from January 3 through January 10.
