# WELCOME TO LAKEWOOD CAMPING RESORT!

Welcome To Lakewood Camping Resort, Where Families Have Vacationed Since 1959! We appreciate you choosing Lakewood Camping Resort as your vacation destination. We hope you

enjoy your stay with us.

Lakewood Camping Resort was the first privately owned campground on the Grand Strand. We have grown to become the best place in Myrtle Beach for families to vacation. This is why there's no surprise we were named the 2024 Mega Park of the Year by the Outdoor Hospitality Industry (OHI). In 2023, we were awarded three Campers Choice Awards by Camping Carolinas for Best Customer Service, Most Family-Friendly & Best Overall Campground & RV Park for the South Carolina Coast region. We are also proud to hold the "Plan-It-Green" designation

from the Outdoor Hospitality Industry (OHI) for our efforts in being Eco-Friendly.

Here at Lakewood Camping Resort, we have always embraced a camping culture that encourages interacting with people, every day, who want to be a part of the journey, not just the destination. It was once said that "everywhere you go becomes a part of you somehow." Our hope is that Lakewood will become a part of you somehow, and that you'll take a piece of what you experience here, back with you. But, our bigger hope, is that you'll leave a small piece of yourselves here with us.

That a part of your soul will stay here, and contribute to the energy that envelopes this place, and will one day draw you back to us...

**CARL & MARION PERRY**

Founders, Lakewood Camping Resort

# HOW WE SET UP CAMP

Established in 1959, Lakewood Camping Resort is Myrtle Beach's original camping resort. Today, more than 65 years later, we are proud to say that we are still a family owned and operated company.

Lakewood was founded by Carl and Marion Perry, and developed along with their children, Don, Phillip, Barbara, and Shannon.

After moving his family from Lake City, SC, to Myrtle Beach, Carl found a small piece of property adjacent to the Air Force Base, on which he built modest cinder block houses that he rented out to military personnel. But, he was soon inspired by Myrtle Beach State Park, which was across the street, and he converted the property into Myrtle Beach's first privately owned campground. He named it Camp Beachwood. He found immediate success by offering amenities not available in the State Park; and soon the business outgrew the land. So, in 1961, he acquired the beach-front property we now occupy, and changed the name to Lakewood Family Campground.

By the early sixties, Carl and Marion's kids had become an integral part of building the business. As young parents, raising their own families, they offered the essential perspective of what young families were looking for in a vacation destination. Answering this question has remained the central philosophy driving everything we do to this very day.

In 1980, Carl passed away, and the children,

collectively, took up the mantle of running the business. All of them loved to travel, and they soon combined what they loved about many of the first class resorts they had visited with what they loved about camping and created the world's first camping resort! Adding conveniences, and amenities never seen in a campground, and changing the direction of an entire industry. Becoming that by which all other campgrounds are measured.

Today, the ownership, board of directors, management, and employees extend into the third, fourth and fifth generations. Maintaining the original idea that a family running a business designed to host other families will always be the best design. Input from five generations allows us to continue to innovate and set the trends that will not only take us into the future but will continue to push our industry there as a whole.

The family can not thank, nor credit, the families who have been on this journey with us enough. You have always played a critical role in our growth. We hope to continue our partnership with you, our campers, for generations to come.

— *Thank You!*

## OCEANFRONT PLAYGROUND

Christopher's Playground is the perfect place for the youngest campers in your group to run free! The oceanside play area features two structures, one for children ages 2 -5 and one for children 6 & up. Christopher's Playground also features a molded

bucket seat swing with harness for campers ages 5-12, one standard toddler swing and two standard swings. We also laid down a mat to make the swings accessible to guests in wheelchairs.

The playground is dedicated to a young life lost too soon. Christopher Morris Jr., the great-grandson of Carl & Marion Perry, Lakewood's founders, passed away at the age of 6 due to health complications. While his soul has gone on to heaven, his memory lives on through the happiness this new playground brings our young guests.

At Lakewood Camping Resort, we believe family-fun shouldn't always include an additional price tag.

When you explore the resort, you'll find most of the amenities we offer are included in the cost of your stay!
